## THE RICHEST YET.

No Need Now of Going to Fair  
Alaska

In Search of the Precious Metal—Whitcomb  
County, Wash., said to be richest Pros-  
pector to Come to an Unclaimed  
Amount of Auriferous Quartz.

SEATTLE, Wash., Sept. 27.—The first  
authentic news concerning Wash-  
ington's new Eldorado, near Mount Baker,  
and how to get there is brought to  
Seattle by E. W. Saportas, president of  
the information and registry, who,  
with Frank Crydo and Gus Wagner, ex-  
perienced miners of Dawson City, went  
to the scene of the latest excitement  
last Saturday.

According to Mr. Saportas, the route  
is passable and not very difficult until  
within five miles of the find. The last  
five miles, however, present obstacles  
that would forever discourage any one  
not an experienced prospector and  
mountaineer.

"There is in Mount Baker and its  
surroundings heights enough gold,"  
says Mr. Saportas, to keep prospectors  
busy for the next ten years. In sam-  
ples of ore that he brought along with  
him, Mr. Saportas, who is a prospector  
in the northwest portion of Whitcomb  
county, northeast of Mount Baker,  
and several others have found ore equal to the  
discovery in Bear mountain."

follows:

## WOODFORD IN MADRID.

The Arrival of the Minister Creates a Sen-  
sation—The Programme of the United  
States Does Not Contemplate a Declara-  
tion of War, But a Proclamation of Dis-  
approval—The Bitterness of the Press  
and Public Opinion a Surprise.

MADRID, Sept. 27.—The arrival of  
Minister Woodford from San Sebastian  
has made a sensation. The programme  
of the United States has been ac-  
cused. This does not contemplate a  
declaration of war if Spain rejects  
mediation, but, according to report, an  
"ostentatious proclamation to the  
world of disapproval of the Cuban  
regime by disapproving diplomatic re-  
lations with Spain and withdrawing the  
United States minister."

Gen. Woodford has declined to be  
interviewed on the subject further than  
to say that his conference with the duke  
of Tetuan, the foreign minister, was of  
the most satisfactory character. The  
unexpected bitterness of the press and  
of public opinion has painfully im-  
pressed him, but he hopes this will soon  
be allayed, as he believes his mis-  
sion is favorable to Spanish interests and  
cannot comprehend that Spain could  
reject mediation designed to end an im-  
perishable war. He has not named a  
time at which the war must be termi-  
nated, but he hopes, as the result of  
his mission, that it will be ended quickly.

He believes the war is inflicting  
incalculable loss upon the United  
States, and that it is impossible to pre-  
vent the organization of filibustering  
expeditions.

Unusual measures were taken to pro-  
tect Minister Woodford on his journey  
from San Sebastian to this city, but  
the trip was quite uneventful. A party  
of gentlemen, commanded by the  
sub-lieutenant, guarded the Southern  
express, on which he was a passenger.  
Secret police were posted at the station,  
and the prefect of police was in wait-  
ing to escort him to his hotel.

The drive through the streets was  
not without incident, though several  
persons saluted him, receiving a bow  
in return.

Some comment has been caused by  
the fact that Minister Woodford's fam-  
ily has not accompanied him, but re-  
mains behind the French frontier.  
Minister Woodford explains that his  
party is a large one, requiring a com-  
modious home, and prefer spending a  
pleasant October at Biarritz until a  
suitable residence can be secured here.  
The legation cannot be used as a residence.  
Gen. Woodford has already engaged  
a box at the Royal opera house and  
has purchased horses.

St. Louis, Sept. 28.—Mr. Henry H.  
Culver, a prominent business man and  
philanthropist, died at his home  
Sunday afternoon after an illness of  
nearly six months duration.

Mr. Culver was a successful business man,  
a practical philanthropist, and had an ex-  
cellent record. He was born in New  
York, and came to St. Louis in 1854.  
He received a common school education,  
and, on reaching maturity, he became  
engaged in business. He was a member  
of the St. Louis Chamber of Commerce,  
and was one of the founders of the  
St. Louis Public Library.

He was a generous and kind man,

## AN AWFUL TRAGEDY.

A Happy Home Transformed Into  
a Slaughter Pen.

A Family of Eight Persons Killed, Seven of  
Them at the Hands of a "Demented" Hus-  
band and Father, Who Then Deliber-  
ately Takes His Own Life.

CARROLL, Ia., Sept. 28.—The slaugh-  
ter of a mother and her six children  
occurred at the home of John Boecker,  
a farmer, living eight miles northwest  
of here Sunday night. Afterward the  
frenzied, or demented husband and  
father, at whose hands they died, com-  
pleted his bloody work by sending a  
bullet into his own head, inflicting a  
fatal wound. The family were pros-  
perous Germans, and as far as known  
lived happily. No motive for the  
tragedy has been disclosed. Boecker's  
victims are his wife and these chil-  
dren: Caroline, aged 14; Christine,  
aged 12; Henry, aged 10; Lizzie, aged 8;  
John, aged 6, and an infant. All are  
dead but Henry, and the latter cannot  
recover from his wounds.

Boecker had an engagement to help  
a neighbor thresh yesterday morning,  
and he was not putting in an appear-  
ance, his brother Henry, who lives  
about 25 rods away, went about nine  
o'clock to see why he did not come.  
The doors of the Boecker house were  
locked and there were no signs of life  
about. Henry tried to get in by the  
house, but with no response, and  
finally kicking in the door came upon  
a horrible scene. Boecker, with his wife  
and child, lay in a back room, and the  
three bodies lay on a bed.

Boecker had a shotgun, which stood in  
the corner; the body had been shot  
and his head crushed with the butt of a  
revolver. The man, still breathing,  
had a bullet hole high up on the fore-  
head, and by his side was a six-shoot-  
er with two chambers empty.

It is undoubtedly a case of murder  
and suicide.

Boecker was 34 years old, and for  
over 20 years lived in Carroll county.  
In fact, on the same farm. He has been  
regarded as a prosperous farmer, and  
only recently bought a 200-acre farm a few  
miles from the old homestead. On Sun-  
day morning, Sept. 28, he was at home  
with his wife and some of the chil-  
dren. Later in the day he was visited  
by a neighbor who says that when he  
left the Boecker home in the evening  
they were seemingly a happy family,  
and not a pronouncement of the  
awful tragedy to be enacted a few  
hours later was given by Boecker or  
anyone of the household.

## LOCAL NEWS.

As husbands you aren't quite all. O men! You really should be unless you're willing your sweethearts over again. They would think of you now as they thought of you then. And joyously answer "Yes."

—L. A. W. Bulletin.

Esq. T. R. Cardwell is a candidate for the office of police judge for the city of Madisonville.

Dr. Geo. J. Gooch and family have removed to Empire, where the Doctor, as announced before in these columns, will practice his profession and make his home.

The Tabernacle committee at Madisonville have gotten to the point of asking for bids for the erection of the proposed edifice. This looks like business. Elsewhere in THE BEE will be seen the advertisement for plans and specifications.

Considerable repairing is now being done by property owners in Earlington, preparatory for the winter. Leaky roofs only let in the sunshine now, but there may come a time when there will be something more moist to seek and force admission.

Mr. J. T. Barnett sold his last horse, "Charlie Tandy" last week to Dr. Douglas C. Ramsey, of Mt. Vernon, Ind., for \$150. The Doctor is a prominent physician in that section and is grand medical examiner for the A. O. U. W. in Indiana. He is reported to be very much pleased with his new purchase.

Some one has sprung a conundrum at the expense of a Madisonville man, who is very rotund and bears the reputation of being an indefatigable money getter.

The question is asked: "Why is ——— like the street sprinkler?" Of course you give it up, and ask "why?" "Because he's big and round and is always after the dust."

Hon. A. K. Bradley Hurt. Hon. A. K. Bradley, while walking on his back porch last Thursday night, became dizzy and fell. His thigh was broken and he was otherwise bruised. Mr. Bradley's health has not been very robust for some time past. He will probably be laid up for weeks.

Joint Debate. Joint debate between Hon. J. G. Bay and Hon. J. A. Parker will be held in this section of the state as follows: Russellville, Oct. 4th. Henderson, Oct. 5th. Dixon, Oct. 6th. Princeton, Oct. 7th.

Died. On Friday, September 24, at her home in Hanson, Miss Edna Livingston, aged fourteen years, died of typhoid fever, after a short illness. Miss Livingston was a sister of Mrs. Geo. J. Gooch, and spent several weeks with her here this summer. Her friends here will be sorry to learn of her death.

Hon. W. D. Bynum. Tomorrow Hon. W. D. Bynum, Chairman of the National Committee of the National Democratic party will address the citizens of Hopkins county at the court house in Madisonville. This has been announced before in these columns but a reminder is not out of order. This able gentleman of national reputation deserves a large and courteous hearing, even from those who differ with him in their views on political questions.

Mr. Grassham Sick. Mr. C. C. Grassham, candidate for Commonwealth's Attorney, was forced to cancel all his speaking appointments in Hopkins county, as announced by posters generally distributed. He was taken sick at Madisonville on Monday and forced to retire to his room at the hotel. By advice of his physician, Dr. J. L. Dulin, all his engagements for this week are cancelled.

This is a present disappointment, as many of our county people who have heard of Mr. Grassham desire to hear him, but the hope is entertained that with good fortune the time will come presently when he will be able to make an active speaking canvass in this county.

The Woman's Friend. "I know from my own experience that for ladies of a constipated habit there is nothing to supply the place of German Liver Powder." Mrs. J. P. Menness, Springfield, Ohio. "I have taken German Liver Powder for dyspepsia, and other liver troubles, and would not be without it." Miss Jennie Green, Abilene, Tex. "Friends advised me to try German Liver Powder for long standing liver complaint. I had relief before I had taken one bottle. It did me more good than all medicine prescribed by physicians."—Mrs. John Campbell, Jeffersonville, Ind.

## ROBBERY AT DAWSON.

Day Bros' Store Entered and Clothing Taken—Earlington's Marshal Called.

Sunday night the store house of Day Bros., at Dawson, Ky., was entered and clothing taken which probably amounted to considerable value. It was impossible to determine the value of the goods taken. One of the burglars seemed to have entered the store and passed out to the others a large quantity of clothing, which they then proceeded to pick over and choose from. That they wanted they took; that they didn't want they left. They also took some pocket knives, but seemed to be poor judges of cutlery, taking cheap goods only.

Our City Marshal, Mr. Jno. T. Barnett, was telephoned for and went over Monday morning. Tracks of three men were discovered going to and coming from Dawson, which were supposed to be the tracks of the men who had committed the burglary. They went and came the same way and along the route thus indicated was found a pair of Day Bros. trousers stuck under a log or cross tie, which were identified by them. The Dawson officers are still at work on the case and it is understood that Day Bros. have offered a liberal reward for the capture and conviction of the burglars.

## Eternal Vigilance

Is the price of perfect health. Watch carefully the first symptoms of impure blood. Cure boils, pimples, humors and scrofula by taking Hood's Sarsaparilla. Drive away the pains and aches of rheumatism, malaria and stomach troubles, steady your nerves and overcome that tired feeling by taking the same great medicine.

Hood's Pills are the best family cathartic and liver tonic. Gentle, reliable, sure.

Maids and Bachelors Entertained. A pleasant reception was given to the Bachelor Maids and Bachelors last Wednesday evening by Misses Minnie and Alice Bourland. A goodly number of the Bachelors were present.

The principal feature of entertainment for the evening was a drawing contest, which created a great deal of fun and laughter. The Bachelors proved themselves superior to the Maids as artists. Mr. Jerrold Jonson captured the first and Walter McGary the booby prize. The latter appreciated his prize so highly that he requested them and there that at his death, his box (which, by the way, served him in good stead later in the evening) should be buried with him. After the contest, dainty refreshments were served, and about 11:30 the Maids and Bachelors wended their homeward way after spending a most enjoyable evening.

## There is Nothing so Good

There is nothing so good as Dr. King's New Discovery for Consumption, Coughs and Colds, so demand it and do not permit the dealer to sell you some substitute. He will not claim that it is anything better, but in order to make more profit he may claim something else to be just as good. You want Dr. King's New Discovery because you know it to be safe and reliable, and guaranteed to do good or money refunded. For Coughs, Colds, Consumption and for all affections of Throat, Chest and Lungs, there is nothing so good as Dr. King's New Discovery. Trial bottle free at St. Bernard Drug Store. Regular size 50 cents and \$1.00.

Welcomed by the Brass Band. Mr. John B. Atkinson, President of the St. Bernard Coal Company, who has been to Nova Scotia examining coal properties for the Dominion Coal Company, returned last Friday night, bringing with him his wife and Mrs. Paul M. Moore and son John, who have spent the past two months at the seashore and visiting relatives in New Jersey and Philadelphia. He was met at the station at 11 o'clock by the boys of the "St. Bernard Brass Band" who welcomed him home with a flourish of trumpets.

## Did You Ever

Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and get relief. This medicine has been found to be peculiarly adapted to the relief and cure of all Female Complaints, exerting a wonderful direct influence in giving strength and tone to the organs. If you have Loss of Appetite, Constipation, Headache, Fainting Spells, or are Nervous, Sleepless, Excitable, Melancholy or troubled with Gray Spots, Electric Bitters is the medicine you need. Health and Strength are guaranteed by its use. Fifty cents and \$1.00 at St. Bernard Drug Store.

Mr. John Mahoney, formerly an Earlington boy, is visiting relatives here this week. It has been about eight years since John left here to make his home in the South, and consequently he finds things greatly changed, and says he can hardly realize that it is the same place, so great are the improvements.

Dr. Bell's Peppermint Chili Tonic tastes good, is good and does good. An effective and permanent cure for chills, fever and ague. Contains no poison. An anti-malarial and an up-building tonic. A blood purifier. An appetizer, aiding digestion. It makes the complexion good. Large bottles 50c. Guaranteed by all dealers. For sale by St. Bernard Drug Store, Earlington; Ben T. Robinson, Mortons Gap.

## Yellow Jack Preventative

Guard against Yellow Jack by keeping the system thoroughly clean and free from germ breeding matter. Cascarets Candy Cathartic will cleanse the system and kill all contagious disease germs.

## FARM AND FOREST FIRE.

Buckner's Farm Near Earlington Burned, Threatening all the Surrounding Property.

TWO HUNDRED MEN LEND A HAND. Meadows, Hay Barn and Other Property of St. Bernard Coal Company Seriously Threatened.

Fire swept a part of the Buckner's farm just east of this place Monday, doing considerable damage to fences and young timber, threatening corn, which stood shocked in the field, roaring through the underbrush in the timbered tract. There was imminent danger of its further spread but prompt work of some two hundred willing men stopped its progress and turned it back upon itself.

While many people of Earlington were eating dinner, the distress whistle at the air compressing plant of the St. Bernard Coal Company sounded the alarm of fire, and the news quickly spread that the Buckner farm, adjoining the property of that company was burning and the wind blowing directly toward the shaft.

The news was telephoned to the mines, teams were started and men on horseback and afoot and a wheel hurried to the scene of the conflagration with half finished dinners or no dinners at all, carrying shovels and other things handy to fight fire. And some of them have had sufficient experience of late to know what to do. Two of these who know how to fight fire forgot the location of their coats one day last week and let them burn.

Men went from the mines, the town, the railroad, the farms, until not less the 200 or 250 were strung out along the course of the advancing fire line. Fences were torn away, dead trees and stumps scattered around and men left on guard at doubtful points of advance. The work was made thorough by scraping a path through the woods, from a lane in the Buckner farm, well on if not quite to the Hopkinsville road. The leaves were fired as rapidly as the path was made—along its edge—and this new fire started back to clear the way to the main body of the fire and stop its progress. This was done successfully and in a very short while.

Within an hour and a half after the alarm was sounded the bulk of the men were on their way back to town, leaving Harry Corey and his force in charge with the fire under control.

Rowland Rich came near being struck by a burning chunk which fell from the top of an apparently green tree under which he was working. It was a good big chunk plentifully supplied with fire, and would have made an impression, but it missed him by a safe distance—about six inches.

Mike Long was not the only one whose many eyes were filled with tears at the sight—or perhaps the lack of sight. But even he cheered up when he thought what a clear shooting ground for quails would be left by the fire. And Frank Arnold, too, looked happy at the prospect of using a pump gun on something animate in a good open space where walls and things could not intervene.

The railroad boys ran a special out from one of the lively stables but it cannot be proven that they repaired anything.

This is only one of the many fires that have been turned back and extinguished hereabouts in the past ten days. But this one had gained much greater headway. It burned from Grapevine and spread over the Buckner place.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is often tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by Frank J. Cheney & Co., Toledo, Ohio, contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c. per bottle.

Hall's Family Pills are the best. Miss Edna Moore, of Henderson, sister to Mrs. Chas. H. McGary of this place, has accepted a position with the dry goods house of Dulin, Glenn & Co., of Springfield, Tenn. Miss Moore has been in Henderson, for some time. She is visiting Mrs. McGary for a few days before she goes to assume her new place.

Yellow Fever Germs. Spread in the bowels. Kill them and you are safe from the awful disease. Cascarets destroy the germs throughout the system and make it impossible for new ones to form. Cascarets are the only reliable safe-guard for young and old against Yellow Jack. 10c 25c 50c. all druggists.

A timber fire in the Big Horn country of South Dakota caused a loss of \$500,000.

Cutting around the eyes should be avoided, unless you are willing to make yourself a subject for experimenting in surgery. This is unnecessary. Sutherland's Eagle Eye Salve will cure sore eyes and granulated lids after all others have failed. It strengthens weak eyes. It is harmless.

Half the factories in the Indiana gas belt are running day and night.

To Cure a Cold in One Day. Take Laxative Bromo Quinine Tablets. All Druggists refund the money if it fails to cure. 25c. For sale by St. Bernard Drug Store, Earlington, Ky.

Jim Long and Will Wiley, of Hopkinsville, Sunday in our town.

Yucca Chili Tonic. The great reliable and popular tonic, anti-periodic and febrifuge. It breaks the chill and prevents its return, strengthening the patient and gives healthy tone and vigor without regard to diet. Pleasant to take. Price 50c. Warranted at drug store.

## W. C. T. U.

The local Woman's Christian Temperance Union had a most enthusiastic meeting at the home of Mrs. Browder Myers Tuesday evening. The threat of bringing saloons to our town has aroused a new interest in this cause.

Two new members were received, Mrs. Ida Walker and Miss Celeste A. Moore. Mrs. Browder Myers was chosen delegate to the State Convention of the W. C. T. U., which will be held at Glasgow, Ky., from the first to the fifth of October.

The Madisonville Union will be represented in the State Convention by Mrs. A. C. Long and Miss H. E. Brooks.

The members of the convention have a pleasant program ahead of them in which work is well supplemented by diversion. There will doubtless be great pleasure derived from the hospitality of Glasgow, and after all business of the convention is disposed of the itinerary takes in the Mammoth Cave. And to explore the Mammoth Cave no month is so auspicious as the month of October.

## Yellow Jack Killed

Cascarets, Candy Cathartic kills Yellow Jack wherever they are. No one who takes Cascarets regularly and systematically is in danger from the dreadful disease. Cascarets kill Yellow fever germs in the bowels and prevent new ones from breeding. 10c 25c 50c. all druggists.

## Fire in the Arboretum.

One day last week a spark from a locomotive set fire to the grass along the track next to the Arboretum at the Southern edge of town. The fire spread rapidly into the enclosure and two or three choice young trees that helped to make up the large collection there, were ruined before the flames could be checked. Mr. W. A. Toombs sped away on his wheel and with some assistance succeeded by hard work in getting the fire under control. A sweeping fire in the Arboretum would be disastrous to many young trees that have cost much time and labor in collecting, and would seriously injure this large collection of trees of great variety, which is one of perhaps only two Arboretums in the State of Kentucky.

At noon Tuesday fire was again discovered in the Arboretum. A few men got on the ground promptly and stopped its spread in short order. The conditions were just right for rapid burning and the whole enclosure would have been swept, but for quick work with brush and shovels. No damage was done. There was some fire beyond, along the railroad, but of little consequence.

## It Saves the Croupy Children.

SEASIDE, VA.—We have a splendid sale on Chamberlain's Cough Remedy, and our customers bring from far and near. Some of it is in the highest terms. Many have said that their children would have died of croup if Chamberlain's Cough Remedy had not been given. C. O. BARNES, Sold by St. Bernard Drug Store, Earlington; Ben T. Robinson, Mortons Gap; Geo. King, St. Charles.

## Delightful Concert.

The concert at the Parochial School Hall Thursday evening proved, as THE BEE predicted, to be "special attractive." It was delightful. The hall was filled, only a limited number of tickets having been issued so that there would be no overcrowding, but it was filled full and a few chairs had to be brought in.

Mr. W. H. Collins, of Chicago, who entertained the audience, proved himself a most delightful ballad singer and his Irish and Negro dialect songs, which largely predominated, were rendered with great zest. His dialect was fine, enunciation clear, and he was altogether pleasing. Mr. Collins sang for the pleasure of his audience and said it was a great pleasure to him to give them pleasure. He rendered more than thirty numbers with very little rest, some two or three of which were more operatic and the rest humorous and pathetic.

The first number showed the power and possibilities of his voice, ending on B flat. Among the numbers that were best received were "Songs My Mammy Sung," which introduced the Irish lullaby as rendered both by the "mammy" and the "daddy," and was very rich; the pathetic "Story of an Engineer," which told how the red and the green lights were left with the engineer's wife to be used as signals to him to tell him, as he flew by on his engine, whether their child was dead or better, and how the green was shown; the "Laughing Song," to the accompaniment of which every nerve and fiber of the singer shook with feigned laughter, which, communicated to his hearers, became unfeigned and shook them likewise. "My Angelina" was perhaps the favorite of the Negro songs. The young Herb brothers, Pete's sons, sang two duets in the resting spells.

The concert was repeated by request on Friday night and the program for that evening was largely a request program.

## Strayed or Stolen.

One yellow cow, half Jersey, four years old. No marks on ears, white belly, strayed from my home in Earlington on the night of Wednesday, Sept. 22, 1897. Was raised in Christian County. Suitable reward for her return. GEO. FOSSEN, Earlington, Ky.

## Contractors Notice.

Sealed bids for the erection of a tabernacle in Madisonville, Ky., will be received by Samuel Bassett October 4, 1897, not later than 7 p. m. The privilege of rejecting any and all bids is reserved. Plans and specifications can be seen at Bissett & Thompson's furniture store.

J. A. RAMSEY, President. SAMUEL BASSETT, Secretary. Madisonville, Ky., Sept. 20, 1897.

## WITH THE TEACHERS.

Account of the Interesting Meeting of the Second District Institute.

The teachers of Magisterial District No. 2 met in the Public School Building for their third annual association, last Friday.

At ten o'clock order was called and devotional exercises conducted by Mr. W. F. Burr, followed by some delightful music from some of the school girls.

The welcome address by Mr. E. B. Bourland was very appropriate as was the response by Mr. J. A. Jodson.

Child-study, a subject interesting above all others to a live teacher, was introduced by Miss Minnie Foard and discussed by other members. The ability to understand one's pupils was given up to be a factor of the greatest importance in the success of a teacher. Many very valuable devices for the study of child nature were presented. Prof. Smith added much to the interest of the subject.

The Development of the Will Power of the child—another favorite subject, was very ably presented by Mrs. Walker. A very lively discussion followed, Prof. Smith, Miss Foard, Mr. Bourland and Mr. Cayce taking part.

Mr. and Mrs. Burr and mother, Mrs. Reese, of Philadelphia being present were voted honorary members. The subject was continued, Mrs. Reese expressing herself very forcibly, emphasizing a very clear distinction between the judgment and the will.

"How to Develop the Child's Reason, Judgment and Memory," was introduced by Miss S. W. Foard, in a manner most profitable and enjoyable to all. The quotation, "A teacher should study to make himself useful to his pupils" was most aptly used.

Mr. O. P. Bailey led in the discussion of the next subject, "Means of School Discipline." He suggested many devices, but thinks a feeling of sympathy and fellowship between teacher and pupils must be secured for the best results. Mrs. Walker thinks co-operation of parents the greatest factor. Suggestions were offered by Miss Davis, and Mr. Burr gave a very practical talk on the subject. Mr. Bourland thinks that to control one's pupils the teacher must first control himself.

After a very complimentary speech by Mr. Burr in behalf of the work and advancement of the Association, the teachers adjourned for dinner.

## AFTERNOON SESSION.

Promptly at 1.00 p. m. the teachers re-assembled and after singing, the program was resumed. "How to Teach Spelling" was discussed by Misses Ligon, Hall, Wyatt and Davis.

"How to Secure Good Attendance" was next considered, and was well handled by Miss S. W. Foard. She thinks that to secure the best results the school-room must be made pleasant and home-like for the children, and that parents should be made to feel the importance of regular attendance. "Language—How Taught in the Different Grades" was discussed by Misses Bourland, Hall, Mr. Jonson and Mrs. Walker. Many devices were presented for making this interesting to the child.

The subject, "How to Teach Primary and Advanced Reading," was introduced by Miss Ophelia Davis and further discussed by Misses Wyatt, Hall and Mr. Bailey.

Methods of Teaching Grammar was discussed at length by the members. "The use and abuse of the text book" was here considered.

After a short intermission and singing the subject "Methods of Teaching Geography" was presented by Mrs. Walker. She recommends Home Geography for primary pupils and gave some interesting devices. Mr. Jonson favors the continued use of the best maps.

Mr. Bourland next led in the discussion "How to Make Civics a Live Study." Mr. Bailey added very much to the interest of the subject. "How to Teach Writing and Drawing" was made quite a lively topic. "We learn to do, by doing," was strongly emphasized in this discussion.

Mrs. Reese thinks that drawing is of such importance that it should be taught in spite of all difficulties. The following resolution was here presented by Mr. J. A. Jonson and accepted:

Resolved, That it is the sense of this association, that we commend Prof. Smith, for his able, honest and fearless administration of his office as Superintendent of Hopkins County Schools, that we tender to him our sincere thanks for same, and that we will ever remember with gratitude his noble services in behalf of Hopkins County's schools.

Prof. Smith responded with well chosen words expressing thanks for the hearty commendation. The Association extended a vote of thanks to the ladies for the elegant dinner and to the visitors for the delightful music.

Closing remarks by the members and the Association was adjourned at 4.30 p. m. MINNIE L. BOURLAND, Secretary.

Fifty Years Ago.

Who could imagine that this should be the place where, in eighteen ninety-three that white wonder of arch and dome should shadow the nations, polychrome... Here at the Fair was the prize conferred on Ayer's Pills, by the world preferred. Chicago-like, they a record show, since they started—50 years ago.

## Ayer's Cathartic Pills

have, from the time of their preparation, been a continuous success with the public. And that means that Ayer's Pills accomplish what is promised for them; they cure where others fail. It was fitting, therefore, that the world-wide popularity of these pills should be recognized by the World's Fair medal of 1893—a fact which emphasizes the record:

## HOW TO FIND OUT.

Fill a bottle or common water glass with urine, and let it stand twenty-four hours; a sediment or setting indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

## WHAT TO DO.

There is a comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of getting up to urinate many times during the night to urinate. The mild and extraordinary effects of Swamp-root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention THE BEE and send your full postoffice address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
